

# Master Armament Selector Switch (MASS)

## 5104 Series

The Master Armament Safety Switch (MASS) is a keyless three position, six poles switch suitable for switching functionality for key system requirement.

The three position are Safe, Standby and Live. Movement is achieved through an ergonomically switch top suitable for operation with (Nuclear Biological Chemical) NBC gloved hand. To select Live an additional safety feature is included where by the operator has to pull the switch top before being allowed to press Live.

It benefits from an ergonomically designed knob top to suit operation with NBC gloves and a useful life of 12,000 operating cycles.
